MESSAGE FROM THE MANAGING PARTNER

Al-Yousifi Group, a company established 60 years ago in Kuwait, would like to introduce to you **Kuwait Global Steel Services** that brings today the new venture for **Cutting and Bending steel for the Construction Industry**.

Engineer Carlo Micoli, the Managing Partner of these facilities, and the first one who introduced the concept in the United Arab Emirates will be bringing his personal experiences of more than 30 years in this particular field, with more than 11,000,000 tons of cutting and bending and 886 projects executed in the United Arab Emirates. Among these projects are the Dubai Airport Terminals 4 & 3, 1, Abu Dhabi Airport, Dubai Metro, Dubai Mall, Burj Al-Arab, The Emirates Palace, Abu Dhabi Presidential Palace and The Grand Mosque. Today, Kuwait Global Steel Services is regarded as one of the biggest facilities of its kind in Kuwait. The facilities are situated in Amghara Industrial Area.

Looking into Kuwaiti projects, as part of our main interest, **Kuwait Global Steel Services** can offer complete packages with a monthly capacity of between 10,000 to 13,000 tons of cutting and bending steel depending on different diameters required.
